Dear Dr. Vilchez:

The Province of Guimaras enacted Provincial Ordinance No. 2018-06, series of 2018 to institutionalize the Integrated Coastal Management (ICM). ICM follows a framework that covers a system of governance and management that is designed to achieve sustainable development where one of its governance mechanisms is the information and public awareness. The Provincial Government thru the Guimaras Environment and Natural Resources Office (GENRO) initiated the IEC Project as a component of the ICM Program which aims to increase stakeholder's participation and awareness on environmental protection.

In 2024, the IEC focused on educating high school students across all public secondary schools in the province on environmental laws and ICM initiatives in a form of trivia quiz. For this year, the IEC will target selected elementary schools (Grades 4-6) as part of our continuing advocacy. The focus will shift to topics on proper waste segregation and the *Plastik-Anay* campaign, which encourages students to recycle and turn over clean and dry plastics to their respective barangays.

In this regard, we respectfully request the assistance of your good office in informing the identified schools about the upcoming activity. Attached is the tentative schedule for your reference.

Your utmost support for the effective implementation of the ICM Program in the province is highly appreciated.

Very truly yours,

Ma. Lucille L. Nava, MD
 Governor
